NO DUMPING!

The Board has received
 numerous complaints
 about the unsightly de-
 bris being dumped be-
 hind residents' fences
 and in the community's
 common areas. Some

residents have been using the area outside of their
 fence, along tree lines and common area woods to
 discard their unwanted items such as trash, old lawn
 mowers, appliances, yard debris, lumber, etc. Eve-
 ryone is reminded that it is illegal and against our
 covenants to use community common areas as their
 personal dumping ground. Action will be taken
 against those who violate our covenants by the con-
 tinued dumping of unwanted items on the communi-
 ty common areas.

**NO
 DUMPING
 ALLOWED**

News from the Board of Directors

At its recent meetings in April and June, the following topics were discussed:

- **Visitor Parking Spaces.** Residents continue to use visitor parking spaces (and other resident's parking spaces). If residents have more than two vehicles per household, they cannot park in visitor parking spaces nor in other residents' parking spaces without permission. They must park either along the curb (not a yellow curb), in designated parking areas on our private streets or on Walnut Ridge Drive.
- **Rodent Infestation.** The report returned by the pest control company indicated that Community's biggest problems are: (1) the improper storage and disposal of trash (trash should always be stored in **secure trash receptacles** and not stored in plastic bags), (2) attention to bird feeder maintenance/spilled bird seed, (3) improper disposal of pet waste, (4) dumping of trash particularly along the wood line, and (5) storage of junk and debris under and around decks. All of these attract rodents and give rodents a place to nest. These problems must be addressed by residents before a pest control company will be contracted.
- **Spring Walk Through Inspections.** CIS HOA Inspection Experts will be conducting Spring inspections beginning in mid-June.
- **Contractor's Corner.** Handyman/ contractor suggestions will be considered for sharing with other residents by way of the newsletter and website.
- **No Dumping Signs.** Are now located throughout the community on common areas.
- **Storm Cleanup.** Proposals are being considered for the cleanup of various common area tree damage / downed trees caused by recent storms. Damaged trees will be trimmed or removed.
- **A&E Applications.** Discussion of several A&E Applications which were submitted to the Board.
- **Quarterly Assessments.** Attention to homeowner assessment arrearages.

Save the Dates!

Walnut Ridge is participating in the Anne Arundel County Community Clean-up Program. A dumpster is tentatively scheduled to be available in the Cul-De-Sac by **12 noon on Friday, September 7, and will be picked up by 2:30 pm on Saturday, September 8, 2018.** In accordance with the AA County Community Clean-Up Guidelines, do not place items outside of the dumpster, or place prohibited items in the dumpster. **The dumpster will be monitored for misuse, so please do not abuse this privilege.**

Do **NOT** place any of the below items in the dumpster: hazardous waste, junk automobiles, trailers, boats, gas and propane tanks, tires, oil drums or tanks, paint, liquids, refrigerators or air conditioners. For the proper disposal of the prohibited items mentioned above, please call the County (410) 222-6108.

A Note to Dog Owners and Pet Sitters...

Thank you! Thank you to our resident dog owners and pet sitters who are vigilant about walking their dogs on leashes! Thank you also for picking up after your pets and utilizing our Mutt Mitt stations! We hope that others will follow in your footsteps. Kudos to you!

CONTRACTOR'S CORNER (NEW!)

If you have had a good experience with a local handyman, plumber, electrician or other local service provider and would like to share your good experience, details can be shared on the Walnut Ridge website page called "Contractor's Corner." Positive experiences only will be considered. Please email the webmaster (webmaster@walnutridgeonline.org) to submit your request. In your email, please provide the following:

- Your name, address, property address (if different) and your contact information (phone and email). This information is needed for verification purposes only and **will not** be published.
- Category of service provided (i.e. plumbing, electrical, landscaping, general handyman)
- Your service provider's name and contact information
- Your service provider's website
- Service provider's response time, reliability, quality of work and any other information you would like to include

Note: The Webmaster reserves the right to evaluate all submissions for appropriateness to and conformance with the above subject matter.

DISCLAIMER – PLEASE READ

There is no warranty or representation made regarding the service providers listed on our Website, but are merely suggestions. The contractor names are provided as a courtesy to the residents of Walnut Ridge. Names of local service providers and/or contractors can only be submitted by a homeowner or resident of Walnut Ridge. Walnut Ridge Community Association, Inc. does not endorse any services that may be suggested on our website. It is strongly advised to perform your own due diligence when hiring any contractor. The Board of Directors of Walnut Ridge and ProCom do not assume any responsibility for local service providers or contractor's qualifications, licenses, insurance or performance.

SCOOP THE POOP

An estimated 1.3 million dogs live, play and poop in Maryland. Picking up after your dog's waste is important for your health, the health of your pet and Maryland's environment. The simple act of picking up after your dog by "scooping the poop" can assist in removing harmful nutrients and bacteria from local waterways and the Chesapeake Bay, keep our citizens healthy and our yards and shoes clean.

Dog waste is an environmental pollutant. Decaying pet waste consumes oxygen and sometimes releases ammonia. Low oxygen levels and ammonia can damage the health of fish and other aquatic life. Additionally, pet waste carries bacteria, viruses and parasites that can threaten the health of humans and wildlife. Since storm drains do not always connect to treatment facilities, untreated animal feces often ends up in rivers and streams, causing significant water pollution and in some cases restrictions on fishing and swimming in waterways and beaches.

~Maryland Department of the Environment

**From Ray Bradbury's 1953
Novel "Fahrenheit 451"**

Everyone must leave something behind when he dies, my grandfather said. A child or a book or a painting or a house or a wall built or a pair of shoes made. Or a garden planted. Something your hand touched some way so your soul has somewhere to go when you die, and when people look at that tree or that flower you planted, you're there.

It doesn't matter what you do, he said, so long as you change something from the way it was before you touched it into something that's like you after you take your hands away.

ELECTION DAY IS**JUNE 26, 2018!**

Did you know that ...

August 3rd is National Watermelon Day?

A summertime favorite, watermelon is full of Vitamins A, C, and antioxidants and is made of almost 92% water.

Watermelon is the official vegetable of the state of Oklahoma in the United States.

There is some debate between the botanical and gardening community as to whether to classify watermelon as a vegetable or a fruit. Botanists all agree that watermelons are a fruit, while gardeners usually tend to believe that it is a vegetable given that it is closely related to the squash, gourd, and cucumber families.

Home Improvement Approval Reminder!

Summer weather has many residents thinking about sprucing up the exterior of their homes.

If you have plans to make improvements which will affect the **physical appearance** of the exterior of your home, please be reminded that an A&E Application **must be submitted** to the Board for review and approval **before** work begins. The two-page A&E Application has a checklist of documents which must be included with your application. Those documents are (in addition to the Application):

- Two (2) fully-completed copies of the application.
- Self-addressed, stamped envelope (please ensure adequate postage).
- Site plans, elevations and sketches and plat with dimension.
- Completed (unapproved) Building Permit (if required).
- Manufacturer's literature of photographs of similar projects (if applicable).
- Landlord's written consent (if applicable).
- Any other pertinent, supporting information.

You'll find the Application Form on our website at www.walnutridgeonline.org and click on A&E Standards.

It is imperative that you obtain approval **before** you begin exterior improvements. This includes painting and replacement of windows, doors or roof.

You will want to avoid a situation where improvements have been made ahead of approval, then subsequently disallowed and would then require corrective action.

SLOW DOWN!

With the warmer weather now here, more children are out playing. Please be aware and **SLOW DOWN** while driving throughout the community!

Parents: Please discourage your children from playing in the street, especially very small toddlers!

Newsletters are also available online at
www.walnutridgeonline.org

A Word From The Walnut Ridge Wanderer

The Walnut Ridge Wanderer reports on various observations around the community. To preserve anonymity, the identity and gender of the Wanderer will not be revealed. (However, I will say that this Editor is not the Wanderer.)

Summer Wandering

Things I see:

Rain, rain, and more rain; resulting in new growth.

Everything is so green and lush.

This is good.

Wind, wind and more wind; causing damage to trees.

Littering lawns and common areas.

This is bad.

Sun, sun and more sun.

Crowds of kids and parents outside; playing and laughing.

This is great.

Questions I hear and answers I have:

"I need to get some repair work done. Who can do it? Who can I call?"

Answer: www.walnutridgeonline.org has a section where you can share names of contractors.

"I have more than 2 cars in my family, what am I supposed to do? I need options."

Answer: There are options:

During my evening stroll I see lots of empty parking spaces on Walnut Ridge Drive for overflow parking.

Do not use visitor parking spots!

MARYLAND DEPARTMENT OF AGRICULTURE – MOSQUITO CONTROL SECTION

MOSQUITO CONTROL POLICY STATEMENT

OBJECTION TO ADULT MOSQUITO CONTROL

The policy of the Maryland Department of Agriculture regarding an objection to adult mosquito control by truck-mounted ultra low volume (ULV) application of insecticides is as follows:

! An individual may have his/her owned or leased real property and a surrounding buffer up to 300 feet on all sides of the property excluded from ground based ULV adult mosquito control.

! Each individual requesting this exclusion must submit the request in writing to the Maryland Department of Agriculture and provide copies to the appropriate community association or city/town. The request must provide the address of the property to be excluded and must be signed by the owner(s) or leasee(s). This request will be acknowledged in writing by the Department.

! If the number of individual objectors and the location of excluded properties precludes an effective mosquito control adulticide service in a community, the service in that community will be suspended. Service may be reinstated upon the written request of the community and approval by the Department.

! A city/town or community association may request the Department to rescind or modify a spray exclusion zone if the local authority believes the exemption unfairly impacts other residents who desire adult mosquito control service. Requests to rescind or modify spray exclusion requests must be made in writing and delivered to the Secretary of Agriculture.

! The Department periodically will verify the continued occupancy/ownership by objectors of properties excluded from ULV ground spraying to determine if the objection continues.

! In the event of mosquito-borne disease or conditions that threaten public health, the suspension of mosquito adulticide service in an area due to objectors will be discontinued and the full range of mosquito control procedures available will be utilized.

PUBLIC INFORMATION NOTICE:

Your **request for exemption from adult mosquito control services** by the Maryland Department of Agriculture **WILL NOT** be processed unless **ALL** of the information requested has been supplied. You have a right to inspect, amend, or correct this information. Under State Government Article, 10-617, Annotated Code of Maryland, this information may be generally available for public inspection. This information is not routinely shared with state, federal, or local government agencies.

Individuals should direct correspondence regarding this issue to:

REQUEST FOR EXEMPTION FROM ADULT MOSQUITO CONTROL SERVICES

This application must be completed by the individual residing within a community participating in the Mosquito Control Program who wishes to have his/her property excluded from adult mosquito control pesticide applications by truck-mounted ultra low volume (ULV) sprayers. The attached statement entitled "Objection to Adult Mosquito Control" explains the Maryland Department of Agriculture's policy on individual objectors. Please retain it for your files.

Please complete all information below. Please read the "Public Information Notice" on the attached policy statement. **Exemptions will not be accepted unless all of the information requested has been supplied. Failure to respond to contact from MDA will result in the voiding of your exception. It is your responsibility to notify MDA should your contact information change.** Thank you for your cooperation in this matter.

The Walnut Ridge Community Newsletter is published quarterly and is a volunteer effort by residents of Walnut Ridge. If you would like to submit an idea for an article, please send an email to the Editor at editor@walnutridgeonline.org. The Editor reserves the right to print and/or edit all text. Articles are published on a space-available basis, and will be edited for relevancy and appropriateness.
